PAGASA Pres. Steven T. Cua attended on the afternoon of 29 June 2021 the first physical business matching session (first face-to-face event) since March 2020 at the Dusit Thani Hotel. Organized by the Indonesian Embassy in the Philippines, they featured online via wide screen suppliers of products/serviceS w/o them having to travel/being quarantined on our shores.Â The wide screens in front of and on the side of the ballroom were impressive. However, seamless connection was sorely lacking. This caused a lot of delays and did a lot of harm to the presentations as well as the Function.
