PAGASA's STC was invited to help in the screening of exhibitors to this year's National Food Fair in March by the DTI's Bureau of Domestic Trade. The activity took all of two days from 9-10 Feb. 2017 to check on the proposed items of some 200 applicant-companies, both new and veteran. The process was tedious and the standards stringent to make sure that it will be worth the visitors' time when they go to this Tradeshow and that the applicants are serious in trying to grow their companies and excel in what they do in promoting the plight of MSME's.
