

IRRADIATION OF FOOD & COSMETIC PRODUCTS

Monday, 04 March 2019

Last Updated Friday, 19 February 2021

On 4 March 2019, the Department of Science and Technology (DOST) hosted a Forum on Irradiation of Food and Cosmetic Products at the DTI Office at the corner of Gil Puyat and Makati Avenue. PAGASA was introduced into this technology which keeps food as well as non-food products safe from bacteria.Â Objection to this is the cost of laboratories which can do irradiation. Â Â
