On the eve of 24 October 2022, PAGASA's Steven T. Cua was the lone online guest for the Forum of KATAPAT> an NGO championing the cause of a fair trade economy. It is headed by Mr. Jimmy Regalario. Moderator was Prof. Ruth Flores of the University of the Phils. Participants were mostly students mired by the confusing political history of our nation due to fake news circulated by social media. Topic was runaway inflation.
