The DTI held its first National Price Coordinating Council Meeting on 6 March 2018 with new DTI Officers (L-R) Dir. Ronnel Abrenica, Usec. Ruth Castelo, DTI Sec./NPCC Chairman Ramon Lopez, Dept. of Transportation's Usec. Atty. Garry de Guzman and DTI Asec. Ernesto Perez. Topic was on the intermediate effects of TRAIN on prices of basic necessities and prime commodities. PAGASA's STC was there with PCCTA's Carling Cabochan. STC intimated that effects were a bit too early to tell but there were definite select price increases where some of the products unaffected by TRAIN found its prices on the uptick. A press conference ensued and STC was invited to join the DTI officers at the Head Table.
